The 2026 Spring Conference will be held at Minnesota Landscape Arboretum

In 2026 we are thrilled to be celebrating 28 years of quality programming, networking, and leadership development. While we have always offered a terrific conference, in more recent years we have added a variety of networking and mentoring opportunities including tremendous online programming. With the virtual following we developed we continue to offer regular online programming related to leadership development and we also continue to collaborate on monthly online agricultural stress programming – Cultivating Resiliency and Rural Resiliency. In 2026 we will continue to offer virtual networking events with in-person activities.

We ask that you support our continued work in agricultural leadership development.

Sponsors of the conference and follow-on activities receive as much recognition as possible within their level of sponsorship.

Some listing opportunities are subject to the time sensitive nature of certain publications. Where and when possible, all sponsors will be listed in the conference brochure, program, conference slide deck, conference posters, conference website, post-conference programming slide deck. When possible, sponsors will be listed on post conference networking activity publications, in pre and post conference press releases, and in conference social media. Level and frequency of recognition is dependent on sponsorship level.
